A Message from

NANCY MATTSON

Hi everyone,

Happy New Year, I hope this finds you all doing well. I'll not be at the meeting since I'll still be in the hospital or coming home that day.

Let's see, what's happening in the villagering world. Department 56 new releases are out. You can see them on www.department56.com or on the Enesco page www.enscobusiness.com. The new pieces are nice and I have already started to think of what pieces will be added to my collection. On a sad note, Melinda Seegers told us that Alpine Village will be retiring this year. That makes 2 villages gone within a year of each other.

One thing that I noticed was an accessory in snow Village – Her fine Feather Friend (an older lady feeding the cardinals). I looked further and in the Village Accessories there is a collection called Cardinal Christmas – those along with the Snow Village accessory would make a great vignette.

My favorite this year is The Haunted Mansion from Disneyland. Whether you collect Disney or Halloween it will be a great addition.

Don't forget the hitchhiking ghosts. I have made an Excel Spreadsheet of the new releases and will be sending it to you in a separate email.

Remember you can preorder your pieces from our club sponsor Fitzula's (855-895-1332). Remember to support small business when possible.

Happy collecting,
Nancy

Happy New Year!

Who else is ready for a new year filled with good things? I know I am! Cheers to a healthy and happy 2021!

Soooo who saw the new 2021 Department 56 pieces? I did! I think I am in big trouble! I loved all the Dickens pieces and some of the Snow Village pieces.

I don't know about you but I do not want to take my village down. I did a very small Snow Village this year. It consisted of 15 houses and lots of accessories and trees. I am very happy with it.

Remember to practice social distancing and wear your mask! Please remember to support Fitzula's, our club sponsor.

Happy Collecting!
Al
